## DANLERS

### Exterior Time Lag Switch

Save money  
Save energy  
Reduce carbon emissions

#### Dimensions (mm)

- Ideal for energy saving control of exterior heaters and exterior lighting
- Ideal for pub or hotel smoking areas
- Suitable for damp areas indoors

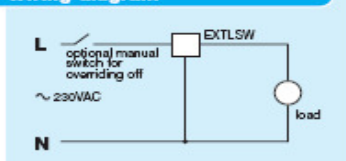

Pressing the button brings the connected load on. The load is then switched off automatically after the time lag has elapsed. Illuminated push button for easy location in the dark. Tough, hard wearing, polycarbonate moulding.
